## SAXUM LOGO GUIDELINES

Please do not copy the logo from the low resolution web graphics on these pages, our website, or other websites. Please read all the advice below and use the high resolution logos that you can download from our website.

THERE ARE THREE VERSIONS OF THE LOGO AVAILABLE:

The color logo, either in pantone colors or in CMYK (see below).  
The black version may appear on a light colored background.  
The white version may appear on a dark colored background.

PLEASE DO NOT:

- Do not use the Saxum logo with any colors other than the ones listed as permissible in this document.
- Do not stretch or distort the logo.
- Do not redraw the logo with the mountain, line, or text in any other positioning than the ones shown.
- Do not resize the parts of the logo independently, resize the entire logo so as to maintain the correct proportions.
- Do not add on to the logo by adding additional text.
- Do not make the logo any smaller than .75 inches by .75 inches.

WHEN USING THE LOGO:

Please leave at least .25 inches of space around the logo on all sides.
